

The Cottage Sexual Assault Center and Children's Advocacy Center Volunteer Opportunities

Individual/Group Opportunities:

- **Hotline Advocacy**

Hotline Advocates are tasked with helping The Cottage answer our 24-hour crisis hotline, which is of vital importance to our clients and their families. A hotline advocate would be required to participate in specialized training and a criminal history check. A hotline advocate would need to be able to commit nights and weekends to be on call. Hotline advocates may expect to receive calls relating to sexual assault information, referrals, and occasional crisis calls.
